

Arista Starter Kit

Starter Kit Includes:

2 Arista 7050-64 Switches of your choice, choose from one of the following:

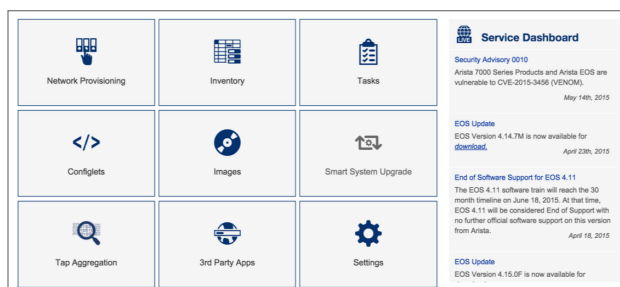

- A pair of Arista 7050S-64 (48 x 1/10SFP+, 4 x QSFP+)
- A pair of Arista 7050T-64 (48 x 1/10GBASE-T (RJ45) & 4x40GbE QSFP+)
- Or one Arista 7050S-64 (48 x 1/10SFP+, 4 x QSFP+) and one Arista 7050T-64 (48 x 1/10GBASE-T (RJ45) & 4x40GbE QSFP+).

Please see <http://www.arista.com/en/products/7050-series> for additional details.

CloudVision: The Arista Starter Kit comes with 1 year of CloudVision on the above switches. This includes:

- **CloudVision eXchange** is an EOS-based network-wide multi-function control point providing a single access-point for real-time provisioning, orchestration, and integration with third party controllers & services.
- **CloudVision Portal** is a web-based GUI and associated historical database built to automate workflows for a variety of network provisioning, change management, and monitoring tasks.
- All EOS Virtualization (V-) Licensed Features
- All EOS Automation (Z-) Licensed Features
- OpenStack Services
- VXLAN Control Service (VCS)
- OVSDB Services
- Overlay Controller Integration (e.g. VMware NSX, Nuage, etc.)

Support: The Arista Starter Kit comes complete with A-Care service. For 1 year you will receive 24x7x365 telephone / web support with next business day advance replacement options to minimize any network downtime. This includes full access to bug fixes and software downloads.

CloudVision Portal

- Network Provisioning
- Inventory of all devices in the network
- Configlets allowing standard configurations to be pushed out to devices
- Sanity checks to validate changes
- Network Rollback
